June 2013

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
 <p>Composting is Easy! Consider setting up a backyard compost pile for yard and food waste. Designate a corner of the yard, pile plant-based materials in a heap, and turn occasionally. Layer wet and dry organic materials, such as grass clippings, fallen leaves, and kitchen scraps (avoid fat, dairy, and meat items), and let nature do the work. Your plants will love the finished product.</p>						<p>1</p>  <p>Latex Paint Exchange 7:30-11:30 am at the Dept. of Solid Waste</p>
