

Household Hazardous Waste Drop-off

The next county-wide Household Hazardous Waste Drop-off Day will be held the second Saturday of August in 2019. Residents are advised to hold these types of materials in a safe spot until the next HHW event (Aug. 10, 2019). These are held every other year.

Many items can be left in the original can and dried out (such as paint, roofing tar, or sheetrock and joint compound). Once completely hardened, the material can be disposed of in regular garbage, (NOT Recycling) with the lid clearly removed, so garbage crews can tell there is no liquid contained within.

To dispose of good, reuseable latex paint, the Solid Waste Department offers a Latex Paint Exchange every Saturday morning in June, July & August at the Landfill Transfer Station on Mud Road in Johnstown. There is no cost for Fulton County residents to dispose of (or take any available) latex paint.

For questions, call the Solid Waste Department at 518-736-5504.
